### Profile

Hard-working, punctual, organised, and always looking to learn more skills. Friendly, polite, and willing to work in a team environment or independently as needed.

Since finishing college I've been working from home on various projects, mainly administrating an online community consisting of websites and game servers. I've also been doing some video editing and art.

### Skills

I have experience working as part of a team and independently to create several video productions; my jobs over these projects have included scripting & directing, but most of what I do is camera work and video editing.

I have also previously taken commission work to create art and graphics for various people for use on social media platforms.

I am proficient with a range of computer programs which are listed below, including internet and email.

Microsoft Office // Google Suite // Clip Studio Paint // Adobe Photoshop  
Adobe Illustrator // Adobe Premiere // Adobe After Effects // Canva
