Work Experience

Marketing Assistant

BWi | May 2021 - Present

Shop/Café Assistant

Hallbankgate Hub | September 2018 - April 2020

- This role required a lot of teamwork and communication in order to make things run smoothly between staff and customers.
 - This included: working the till, checking and arranging stock, taking lunch orders, making coffees, and taking care of the customers overall needs.
 - Duties as kitchen staff included: baking, cleaning, serving food, and assisting the kitchen manager.
 - I demonstrated my flexible and adaptable approach when working at a festival for the Hub in 2018. I had to acclimatise quickly to the different work environment and till; this furthered my skills in working in a busy atmosphere and taking care of customer's needs.
-

Artist

Commission Based | 2016 - Present

- Designed and developed a company logo for River Power Pod Ltd in 2016, working with the company director in order to create their preferred logo on their software of choice.
 - I run a small Etsy shop selling homemade crafts including jewellery and greetings cards featuring my illustrations and photography. I design, create, and market each of my products
-
