### **Personal Statement**

I am a good team player, loyal and honest. Even though I am disabled I am a hard worker and dedicated to any job.

### **Key Skills**

- Good communication
- Good team player
- Can talk to anyone despite my speech impediment
- Loyal
- Hard working
- Good on solo work

### **Achievements**

Sept 2015-June 2017 Despite my medical condition, which makes mobility painful in certain conditions, I maintained a reasonable attendance record at college. My tutors commented to my father that despite obviously being in pain I continued with my tasks and did not give up easily. This contrasted with some of the more physically able students who found excuses not to complete hard tasks.

### **August 2014**

I had my first work experience job which i did so well they paid me.

### **January 2010**

Got a really good review in my drama class.
